

Macfarlane Partnership – who we are

We are a firm of Chartered Quantity Surveyors and Claim Consultants providing dispute management, commercial and contract consultancy services to the construction, engineering and process industries.

We are committed to providing cost effective professional services to all our clients including purchasers, contractors, subcontractors, lawyers and financial institutions.

[▶ About us](#)

What we do

We provide services to assist in dispute resolution forums including arbitrations, adjudications, litigation and mediation and offer services for claims evaluation and preparation.

We also provide contract and commercial management services to the building, civil engineering, rail, water, process and power industries.
